Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: See Applicant Initiated Interview Request Form for details. Examiner pointed out that: (1) the pickups of Mosby (see quoted paragraphs & drawings) move products directly from the ground; applicant only considered the reel to be the pickups; (2) the "outer rakes" is broadly claimed; applicant suggested adding "wheel rakes". Applicant further discussed and will argue that elements claimed in claims 28-29 are not shown; it is perhaps the KSR vs Teleflex rationale would not also cover adding wheel rakes of Aron's (now shown in the middle section) to the outer edges .
